

"Stretch Your Imagination"™

ROUSE Instructions
Matrix Systems

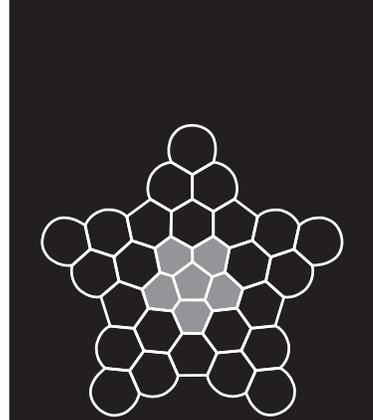

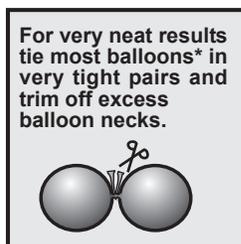

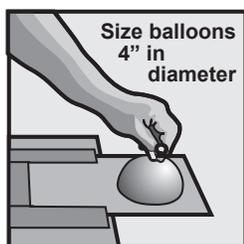

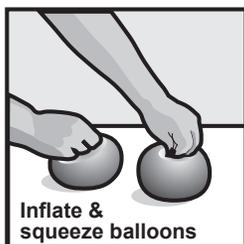

STEP 1 - PREPARE MATRIX

Matrix has light coat of adhesive.
To color Matrix, spray paint on top of adhesive, let dry, then add final coat of adhesive (3-M #77 is suggested).

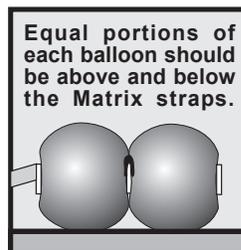

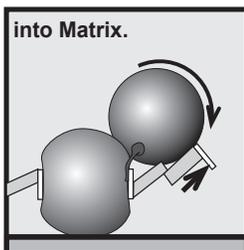

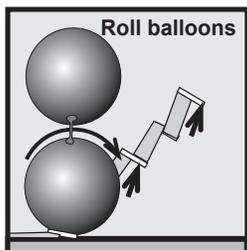

STEP 2 - PREPARE BALLOONS

STEP 3 - LOAD BALLOONS

(A) To load balloon in single layer (Use one star framework):

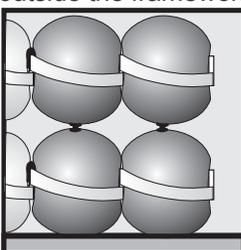

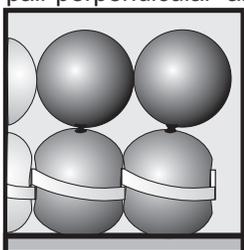

The 25 black openings use balloons sized according to directions on left of page. The 6 grey openings use latex sized to 3.625".

(B) To load balloon in double layer (Use two star frameworks):

Size balloons without squeezing them first.

Place one balloon of each pair in an opening of the first Star framework and one balloon of each pair perpendicular and outside the framework as shown to the near right. Then force each of the loose balloons into the corresponding opening of the second Star framework as shown to the far right.
