

# RMS™ Spiral Instructions (11.5' For 11" Balloons)

“Stretch Your Imagination”™

**ROUSE** Matrix Systems **Instructions**

## STEP 1 - PREPARE MATRIX

Matrix has light coat of adhesive.  
To color Matrix, spray paint on top of adhesive, let dry, then add final coat of adhesive (3-M #77 is suggested).

## STEP 2 - PREPARE BALLOONS

The Matrix curls naturally into a spiral of 1.5 stacked circles when 20 balloons are loaded.

## STEP 3 - LOAD BALLOONS

Pull on the ends to stretch it into an elongated spiral.

### TIPS:

- (1) Suspend the Spirals from the ceiling or from large helium filled balloons.
- (2) Let Spirals wrap around vertical elements such as shiny metal poles or clear acrylic tubes to mark entrances, dance floors, head tables, buffet lines, etc.
- (3) Paint the Matrix or trim the Spiral straps with ribbon, net, tulle, vines, or lights to dress them up to match the occasion.
- (4) You may connect one spiral to the next end to end to make longer spirals. Overlap the spiral frameworks by one opening. Let one balloon fill the last opening in one framework and simultaneously fill the first opening in the next framework.
- (5) Use connected Spirals to make long garlands to trim a stage, define a dance floor, frame the head table or for general room decor.
- (6) Coordinate these Spirals of small balloons with Spirals of large balloons in helium filled arches or Spirals of large balloons in air filled garlands.
